

THRONE OF GLASS *Reading Guide*

There are two ways to read Throne of Glass. I would strongly recommend the Romantic read-through for all readers, old and new. But for those purists out there, I've included a list of the books in publication order.

ROMANTIC

- | | |
|--|--|
| ☐ 1. Throne of Glass | ☐ 5. Queen of Shadows |
| ☐ 2. Crown of Midnight | ☐ 6. Empire of Storms |
| ☐ 3. Heir of Fire | ☐ 7. Tower of Dawn |
| ☐ 4. The Assassin's Blade | ☐ 8. Kingdom of Ash |

The Romantic reading order places The Assassin's Blade at the point where it'll make the most emotional impact for you. It is also highly recommended that you tandem read Tower of Dawn and Empire of Storms (see below)

PURIST

- | | |
|--|--|
| ☐ 1. The Assassin's Blade | ☐ 5. Queen of Shadows |
| ☐ 2. Throne of Glass | ☐ 6. Empire of Storms |
| ☐ 3. Crown of Midnight | ☐ 7. Tower of Dawn |
| ☐ 4. Heir of Fire | ☐ 8. Kingdom of Ash |

The Purist reading order keeps the entire series in publication order. The Assassin's Blade is a prequel, and thus belongs at the beginning. Tower of Dawn was written after Empire of Storms, though they take place at the same time.

EMPIRE OF STORMS & TOWER OF DAWN

An alternative option to reading either Empire of Storms or Tower of Dawn first is to read them together. They are their own stories in two different locations with no overlap, but that take place at the same time. The following checklist provides you with a way to read them in alternating, chronological order.
